

CERTIFIED SUPPLY CHAIN PROFESSIONAL (CSCP)

For more than 60 years, APICS has demonstrated a commitment to global supply chain excellence. Now part of ASCM we're proud to offer CSCP, the globally recognized end-to-end supply chain program that you've come to trust.

Recognized globally as the standard of professional competence in end-to-end supply chain since 2006, organizations rely on CSCP designees to master the essential technology, concepts, and strategies related to end-to-end supply chain.

Certification designed with you in mind

Professionals across all industries benefit from earning the CSCP Certification especially:

- Master planners and schedulers
- Demand managers
- Procurement managers
- Consultants

Professional growth begins here

- **Career Advancement.** Designees on average earn 27 percent more than their counterparts without an APICS certification.
- **Increased credibility.** CSCP increases your knowledge and skills helping you to stand out from your peers.
- **Boost your confidence** and become recognized as a logistics expert.

Professional opportunities

Your investment will continue to reward your efforts; your certification goes where you go and leads to recognition and respect for your abilities as a logistics professional.

CSCP exam preparation

APICS has designed several learning options to suit different learning styles, schedules, group sizes, and locations and each learning option utilizes the APICS CSCP Learning System.
